

AMP Announces Results of 2024 Leadership Elections

ROCKVILLE, Md. – July 8, 2024 – The Association for Molecular Pathology (AMP), the premier global, molecular diagnostics professional society, today announced the results of its recent elections for 2025-2026 Leadership positions. AMP is an organization driven by the dedication of its volunteers and looks forward to working with these newly elected leaders.

President-Elect

Aaron D. Bossler, MD, PhD
H. Lee Moffitt Cancer Center

Program Committee Chair-Elect

Annette S. Kim, MD, PhD
University of Michigan & Michigan Medicine

Clinical Practice Committee Chair

Alanna Church, MD
Boston Children's / Dana-Farber Cancer and Blood Disorders Center & Harvard Medical School

Membership Affairs Committee Chair

Jennifer Morrissette, PhD
University of Pennsylvania, School of Medicine

Program Committee Technical Topics Representative

Timothy Daniels, BS
Palmetto GBA

GENETICS SUBDIVISION

Genetics Subdivision Chair

Kristy Crooks, PhD
University of Colorado Anschutz Medical Campus

Genetics Clinical Practice Committee Representative

Molly Schroeder, PhD
Washington University School of Medicine in St. Louis

Genetics Nominating Committee Representative

Rachel D. Burnside, PhD, MBA
University of Florida

Genetics Program Committee Representative

Sherin Shaaban, MD, PhD
University of Utah School of Medicine, ARUP Laboratories

Genetics Training and Education Committee Representative

Madina Sukhanova, PhD
Northwestern University & Northwestern Memorial Hospital

HEMATOPATHOLOGY SUBDIVISION

Hematopathology Clinical Practice Committee Representative

Peng Wang, MD, PhD

University of Chicago Medical Center

Hematopathology Nominating Committee Representative

Pawel Mroz, MD, PhD

University of Minnesota

Hematopathology Program Committee Representative

Joanna L. Conant, MD

University of Vermont Medical Center

Hematopathology Training and Education Committee Representative

Karin Miller, MD*

Quest Diagnostics

* *The elected candidate is unable to serve, and the Board will appoint their replacement, per the [Bylaws](#).*

INFECTIOUS DISEASES SUBDIVISION

Infectious Diseases Subdivision Chair

Joseph D.C. Yao, MD

Mayo Clinic

Infectious Diseases Clinical Practice Committee Representative

Mark D. Gonzalez, PhD

Children's Healthcare of Atlanta

Infectious Diseases Nominating Committee Representative

Rachel Liesman, PhD

Medical College of Wisconsin & Wisconsin Diagnostics Labs / Froedtert Health

Infectious Diseases Program Committee Representative

Kirsten St. George, MAppSc, PhD

Wadsworth Center, New York State Department of Health & University at Albany, SUNY

Infectious Diseases Training and Education Committee Representative

Rebekah Dumm, PhD

Washington University School of Medicine in St. Louis

INFORMATICS SUBDIVISION

Informatics Subdivision Chair

Julie Woolworth Hirschhorn, PhD

Geisinger Health System

Informatics Clinical Practice Committee Representative

Thomas D. Lee, MD, PhD

David Geffen School of Medicine at University of California

Informatics Nominating Committee Representative

Weiwei Zhang, PhD
University of Nebraska Medical Center & UNMC Physicians

Informatics Program Committee Representative

Priya Velu, MD, PhD
Weill Cornell Medicine & New York-Presbyterian Hospital

Informatics Training and Education Committee Representative

Robert C. Bell, MD
University of Michigan

SOLID TUMORS SUBDIVISION

Solid Tumors Clinical Practice Committee Representative

Nikoletta Sidiropoulos, MD
University of Vermont Medical Center & Larner College of Medicine at the University of Vermont

Solid Tumors Nominating Committee Representative

Sinchita Roy-Chowdhuri, MD, PhD
University of Texas MD Anderson Cancer Center

Solid Tumors Program Committee Representative

Fei Dong, MD
Stanford University School of Medicine

Solid Tumors Training and Education Committee Representative

Erica R. Vormittag-Nocito, MD
Northwestern University

ABOUT AMP

The Association for Molecular Pathology (AMP) was founded in 1995 to provide structure and leadership to the emerging field of molecular diagnostics. AMP's 2,900+ members practice various disciplines of molecular diagnostics, including bioinformatics, infectious diseases, inherited conditions, and oncology. Our members are pathologists, clinical laboratory directors, basic and translational scientists, technologists, and trainees that practice in a variety of settings, including academic and community medical centers, government, and industry.

Through the efforts of its Board of Directors, Committees, Working Groups, and Members, AMP is the primary resource for expertise, education, and collaboration in one of the fastest-growing fields in healthcare. AMP members influence policy and regulation on the national and international levels, ultimately serving to advance innovation in the field and protect patient access to high-quality, appropriate testing.
